## Make Deposits Right In Your Office. Introducing VisionBank's Remote Deposit Service

**With Remote Deposit, VisionBank is never very far away from your office.**

Deposit checks anytime, 24 hours a day, 7 days a week right from your office. With advances in technology and changes in banking regulations, VisionBank's **Remote Deposit** is a great way to make deposits to your VisionBank accounts anytime.

**Interested in cost savings?** With this new service you can centralize your check processing in one place.

### How does Remote Deposit work?

When you're ready to make your deposit, you simply scan your check and money orders electronically using our secure processing system. "Captured" images are then uploaded to the bank's server, analyzed for image quality and routed through our bank processing system, and then credited to your account. This system does not require any special hardware purchase by you beyond a small tabletop scanner to capture images of deposited items...you simply use your existing computer set up to make your deposits when **you** want.

### VisionBank's Remote Deposit improves your bottom line.

- **Quicker funds availability.** The sooner your deposit is processed, the sooner you receive available funds. Plus, you'll find out about any returned items more quickly.
- **Save time and money.** No more trips to the bank to make deposits, and no more time consuming deposit tickets to fill out. Manage when you make your deposits, right from your office. Plus, think of the fuel or mileage expense you're saving! Take a look at the chart (at left) to see the real costs of making in-person deposits at the bank.
- **Security.** Reduced chance for lost or stolen items as they are in transit to the bank because they are scanned right in your office.

**Time is money. We'll make both work to your advantage.**
